

SMITHGROUP

Landscape Architect

SmithGroup is an award-winning, multinational integrated design firm with a team of 1,300 experts across 19 offices in the U.S. and China. We employ research, data, advanced technologies and design thinking to help clients solve their greatest challenges. Our specialists develop beautiful, sustainable, future-focused solutions for healthcare providers, science and technology organizations, higher education and cultural institutions, urban environments, diverse workplaces, mixed-use and waterfront developments, and parks and open spaces. We are deeply committed to our promise to Design a Better Future - for our clients, communities and employees. Are you ready to help us get there?

The Ann Arbor office of SmithGroup is looking for a Landscape Architect to join our team. SmithGroup has been named one of Southeast Michigan's Top Workplaces by the Detroit Free Press for nine (9) consecutive years!

Working with us, you will:

- Prepare concepts, design development and graphic illustrations on projects.
- Assist in preparing Construction Documentation.
- Work with senior landscape architects to compile data and prepare design solutions.
- Work in collaborative integrated teams of professionals that include civil engineers, coastal engineers, architects, building systems engineers, planners and environmental scientists.
- Consult with product manufacturers, evaluate and select construction materials.
- Assist in editing technical specifications and reviewing shop drawings.
- Visit construction sites to gather information, review design intent, inform and support senior project team members during the construction phase.
- Use in depth knowledge of trees, shrubs, ground covers, perennials, and annuals in preparing planting plans and landscape master plans.
- Travel as needed for project work.

An ideal candidate has:

- A bachelor's degree in Landscape Architecture or equivalent.
- Minimum 5 years of professional experience.
- LEED AP preferred. Landscape Architectural registration preferred.
- Proficiency in current design software including AutoCAD, Civil 3D, GIS, SketchUp, Adobe Creative Cloud Suite, Lumion and the Microsoft Office Suite.
- Technical knowledge of landscape architecture site development elements.
