RECOGNITION

Volunteers from a fellow chapter will serve as the 2022 Michigan ASLA Awards Jury. The jury may select one Honor Award and any number of Merit Awards in each category. Award recipients will be featured in MiSITES, the quarterly publication of Michigan ASLA, and will be honored at the awards ceremony during the Michigan ASLA Conference on Landscape Architecture on September 29, 2022.

CATEGORIES AND GUIDELINES

1: General Design

General Design recognizes site-specific works of landscape architecture. Professional entries in this category must be built. Typical entries include: public, institutional, or private landscapes of all kinds; historic preservation, reclamation, conservation; stormwater management and sustainable design; design for transportation or infrastructure; landscape art or installation; interior landscape design; and more. The jury will consider the quality of design and execution, design context, environmental sensitivity and sustainability, and design value to the intended users and to the profession.

Eligibility: The official entrant must be an Associate, Full, or International member of Michigan ASLA, or join Michigan ASLA in one of those categories prior to submission. The

project must be located in the State of Michigan or the official entrant must have a Michigan-based firm or organization address.

2: Planning and Analysis

Planning and Analysis recognizes the wide variety of professional activities that lead to, guide, and evaluate landscape architecture design. Entries in this category are not required to be built or implemented. Typical entries include: urban, suburban, rural, or regional planning efforts; development guidelines; transportation, town, or campus planning; environmental planning; cultural resource reports; natural resources protection; historic preservation and planning; and more. The jury will consider the quality of the analysis and planning effort; context; environmental sensitivity and sustainability; likelihood of successful implementation; contribution to social equity, and design value to the intended users and to the profession.

Eligibility: The official entrant must be an Associate, Full, or International member of Michigan ASLA, or join Michigan ASLA in one of those categories prior to submission. The project must be located in the State of Michigan or the official entrant must have a Michigan-based firm or organization address.

3: Research and Communication

Research and Communication recognizes achievements in communicating landscape architecture works, techniques, technologies, history, or theory. Typical entries include print media, film, video, and audio formats; online communications; interpretive design; exhibition design; and more. The jury will consider the effectiveness of the message presentation, the innovation in approach or delivery, contribution to social equity, and the value to the intended audience.

2022 PROFESSIONAL AWARDS

Call for Entries

Eligibility: This category is open to non-professionals, but the official entrant must be or join as an Affiliate, Associate, Full, or International member of Michigan ASLA. The project must be located in the State of Michigan or the official entrant must have a Michigan-based firm or organization address.

4: Legacy

The Legacy Award recognizes a distinguished landscape architecture project completed between 15 and 50 years ago that retains its original design integrity and contributes significantly to the public realm of the community in which it is located. Typical entries include parks, plazas, sculpture gardens, botanical gardens, river walks, and more. Public officials and agencies, civic and historic preservation organizations, and interested individuals and entities are encouraged to submit projects in this category. The jury will consider the project's sustained value, its contribution to social equity to the community it serves, and the continued relevance of the project's design expression.

Eligibility: An official entrant in the Legacy category is not required to join Michigan ASLA to enter. The project must be located in the State of Michigan or the official entrant must have a Michigan-based firm or organization address.
